

THIS PERFECT LOVE

Remember climbing that old tree
When we were kids just you and me
And everything was just as perfect as could be
As the years went spinning by
That little twinkle in your eye
Began to tell me we were so much more than friends
Could it be
that I was just to blind to see
Your perfect love was standing right in front of me

(chorus)

I've loved you so long
I finally realize
Darling you're all
I need to keep me alive
Our love's a song
I want to sing all my life
This perfect love
Just can't be denied

In my dreams now I can see
Our little happy family
I wanna turn that dream into reality
And when I look into your eyes
I feel a love I can't describe
I never thought a thing like that would ever happen to me
Can't you see
Now I love you more and more each day
There's only one thing that I know I need to say

(bridge)

So try with me
Forever please lie next to me
I promise to love you as long as I breathe
There's nothing that means more to me

So darling take the time to see
I'm still the boy in that old tree
But now I know there's so much more that we could be
And there's a warmth I feel inside
That only our love can provide
So baby open up your heart and come to me
